

Much of Jesmond has permit only parking between certain time so please read the street signs carefully.

The map above shows St George's Church and where there is mostly free parking.

- Streets indicated 1 - 4 are free.
- Street indicated 5 is a pay to park up to a certain time so read the street notice.
- There is limited parking at the church but as it is referendum day and the church hall is a polling station this may be busy.

For those folk who want to come by Metro, West Jesmond is the closest station and Ilford Road about 10 minutes walk.

- If arriving from town into West Jesmond either take the ramp over the railway or use the underpass to get to the east side of the station.
- If arriving from the north you are already on the east side.
- Go past the Lonsdale pub and cross the road into Sunbury Avenue; at the junction with St George's Terrace turn left; continue up this street to its junction with Osborne Road and turn right. The church is about 200 m along this road on the left hand side.
